DORMANT ACCOUNTS

What is a Dormant Account? This is any account that has had no activity after a certain period of time. Although this is your money, the law requires us, after a certain period of time, to turn over any funds in inactive accounts to the State. You can prevent this by simply making a small deposit into your account periodically. This activity will prevent your account from going dormant.

AUTO LOANS

Are you in need a new vehicle? Look into AFCU Auto Rates! Our New Auto Rates start as low as 1.74%*+ & our Used Auto Rates start as low as 2.74%*+.
