ATM FRAUD PREVENTION

As we are all using our ATM cards more than ever, our Fraud Prevention has asked us to pass on some reminders to ATM Cardholders regarding Security issues if contacted by them to verify ATM transactions. Our Fraud Department will NEVER ask you any confidential information such as your full Social Security number, your full Account number, your debit card number or your CVV number on back of your card in an email, via a website, online chat or from an unsolicited phone call. If you receive a suspicious call or

email it is not from our Credit Union's Fraud Department.

Be aware-legitimate business does not make unsolicited phone calls for your personal information. Don't respond to any unverified SMS texts asking you to call our credit union. The security of your personal information is our primary goal. If you are unsure of a call, email or text, you can contact our Credit Union during normal business hours. After hours you can contact our Fraud Department at 1-888-241-2440.
