

DIGITAL WALLETS

If you have an AFCU ATM Card, you can install your ATM Card into a Digital Wallet in your smartphone. A digital wallet (also sometimes called an e-wallet) is a transformation in the way you pay for things. Digital wallet services work through apps on your smartphone. If you are paying with your mobile device, this can be as simple as holding up your smartphone to a digital reader at a merchant's cash register. At the supermarket, for instance, you might simply tap your phone to a compatible check-out register to pay instantly.

Depending on the type of device you use, we are currently enrolled with Apple Pay, Samsung Pay and Google Pay. Not every merchant accepts all of these, you would see that at the merchant's terminal.

For more information regarding each type of wallet you can look up Digital Wallet FAQ's on our website: www.acushnetfcu.com under the Contact Us Page/Resources.

OUR OFFICE WILL BE CLOSED

Monday, July 5, 2021 in observance of Independence Day.

Monday, September 6, 2021 in observance of Labor Day.

COVID-19 Crisis CREDIT UNION LOBBY

Our lobby is opened with the following restrictions but is subject to change if the need arises:

- 6-foot social distancing rules & regulations must be followed
- Anyone interested in opening an account or applying for a new loan **MUST** make an appointment. These services will be by **APPOINTMENT ONLY** – No Exceptions!
- Anyone who does not abide by the regulations set forth by the Credit Union regarding the safety of our staff & members will be asked to leave the building & conduct business at the drive thru.

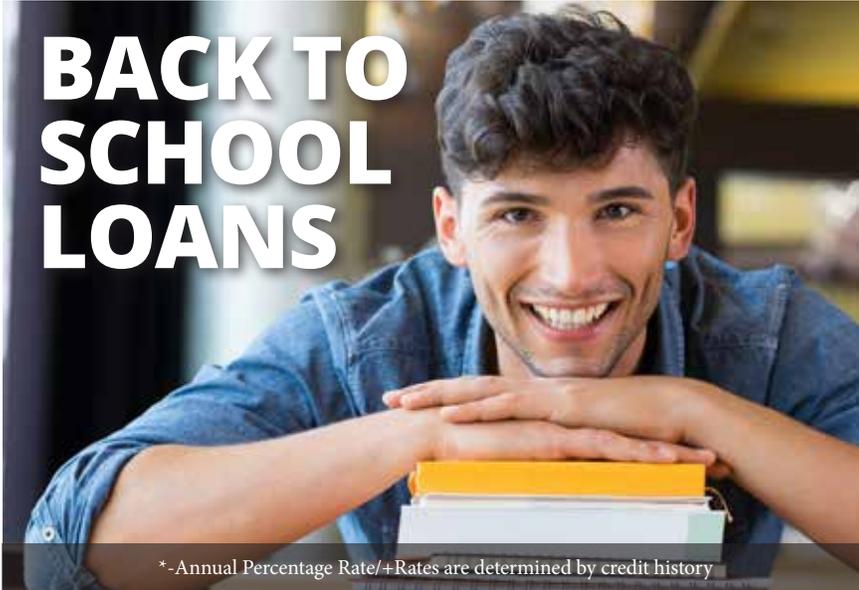

Remote Deposit Capture

What is Remote Deposit Capture? Members will be able to deposit checks with a mobile device at your convenience! How does it work? You will need to capture an image of the check. You send the image to the credit union, and we begin the process of collecting

money from the check writer. This option will be available to you 24/7; saving you time from your busy day having to run by the credit union to make deposits. We will be announcing the news as to when this option is available to members!

BACK TO SCHOOL LOANS

*-Annual Percentage Rate/+Rates are determined by credit history

Our Back to School Loans are back! Do you need a little help purchasing those school supplies or a new computer for school? You can take out a low fixed rate loan to help you take care of this. At a fixed rate of only 2.70%*+, your monthly payment can be as low as \$84.56 per month for a total of 12 months.

Contact us today, for more information. 508.995.9100

PRE-PAID RELOADABLE Visa Debit Cards, TravelMoney Cards or Gift Cards

We offer reloadable Visa Debit Cards, Travel Money Cards & Gift Cards. These cards are purchased at the credit union during business hours for a small fee of \$5.00 each. You can use them at stores, online, to book vacations, while away on vacation or anywhere Visa is accepted. Once you

have used all the funds loaded onto these cards, you can just reload more funds for a fee of \$3.00 & continue using them just as you would any debit card. You can view your balance and transactions on their website. For more information, contact our credit union.

Travelling with your AFCU ATM card

If you plan on using your ATM card while traveling, you should contact our office prior to your trip. Our fraud prevention services monitor your card activity 24/7. If they notice or suspect there is unusual activity on your card, the fraud prevention will shut down your card until they can verify activity with you by phone. If they are unable to reach you & verify activity-they will block your card until the transactions are verified.

To avoid this while traveling, contact our office with travel plans & we can note a travel notice on your card to avoid a problem while you are away.
